Teacher Digital Version Instructions:

- ❖ You will need the internet and a Google account for this version.
- ❖ Click on the link below to create a copy that will download to your Google account.
- ❖ Create another copy that will be sent to students. You can delete any pages from your copy that you don't want your students to have.
- ❖ The file can now be assigned to your students. If you create an assignment, then a copy will be made for each student. If you do not create an assignment, students will need to make a copy. You can change the end of the link (where it says /edit) to say /copy. This prompts the "Make a Copy" screen.
- ❖ Students must interact with the Slides in the EDIT mode. It will not work in the Presentation mode.

Student Digital Version Instructions:

- ❖ Students will open their Slides document and remain in the EDIT mode. It will not work in the Presentation mode.
- ❖ They will solve the word decoding problems you have given them.
- ❖ When they have solved all the problems, they can either check answers with answer key or submit their copy back to you.
